Washington County

Department of Property Records and Taxpayer Services

Unpaid Taxes at 12/31/2008

This cocument contains a list of parcels with unpaid real estate or personal property taxes at 12/31/2008. It is in order by City/Town, then by parcel number. Unpaid tax amounts for each parcel are given by year, with the most recent year being listed first. The document also shows the property address, short tax description, and Primary Taxpayer for the most recent year of delinquency.

- Unpaid tax amounts are broken down by tax type, such as tax capacity tax, market value tax, etc. The amount shown is the total for the tax type, it does not show the taxing district breakdown.
- Unpaid TIF tax is shown on a separate line. On a TIF parcel, the TIF district number is shown to the right of the "Amount Unpaid" column.
- Unpaid special assessments are shown by individual project.
- Unpaid tax amounts do not include penalty or interest.

This document contains the list for the entire county. Print or view the following page ranges if you only want information for a specific city or town:
